Why do you call it Gluten/Dairy Aware?

We call it Gluten/Dairy Aware because we make the food all in the same facility. To call food Gluten Free or Dairy Free the meals would have to be prepped in a completely different location. We ensure that everything is sanitized before making Gluten/Dairy Aware items though so there is no cross-contamination.

You can find our food truck using the Street Food App or follow us on Twitter (made_foods) for daily updates - during the summer months - for where the food truck will be.
